Tashir Group takes part in MAPIC Russia

As in past years, Tashir Group takes part in the 2020 MAPIC Russia, a commercial real estate and retail expo currently taking place in Moscow.

Tashir presents its commercial real estate projects: the nationwide chain of shopping malls RIO, the Avenue Southwest shopping center, Family Room furniture centers, the Yerevan Plaza shopping mall, and other projects, including its 2020 premiere – the multipurpose KVARTAL WEST center on Aminyevskoye Shosse.

MAPIC Russia is an annual international exhibition and forum on commercial real estate and retail. It brings together Russian and international professionals from the areas of development, retail, investment, business services, entertainment, architecture and construction, marketing and communications.

“This year, the number of participants is markedly lower because of the pandemic and travelling restrictions. Yet we observe that the market is gradually coming back to life. People are interested in new projects. In a word, we have plenty of things we need to discuss with our colleagues,” said Tashir Group Lease Department chief Victoria Shakhnazaryan.

MAPIC Russia will continue until September 18. The forum's program includes a large number of meetings, discussions and other business events.
