Tatevik Karaperyan listed among Russia's top young leaders

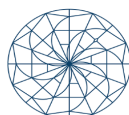

Tashir Group First Vice President Tatevik Karapetyan has been included in the Choiseul 100 Russia ranking, a list Russia's top young business leaders put together by Institut Choiseul, an independent think tank in France.

Influential experts pick the brightest and most talented Russian business people under 40 years of age whose potential contributes to Russia's economic progress. The Russia list is inspired by the annual Choiseul 100 France ranking, issued since 2103. The projects create a joint network of young economic leaders from different countries.

Choiseul 100 Russia is a unique and independent ranking of young economic leaders of Russia who are transforming and modernizing the Russian economy and contributing to the global influence of their country. The Choiseul 100 Russia ranking has been prepared throughout 2020 by Institut Choiseul in Paris and the Observo Center at the Franco-Russian Chamber of Commerce and Industry in Moscow. This is the second time that Tatevik Karapetyan is included in Choiseul 100 Russia, which has been issued in Russia since 2019 and is annually published in *RBC Daily*.

In 2019 and 2020, a number of meetings with Russian and French business people were held as part of the Choiseul Russia-France program. During their trip to Paris in October 2019, the participants had a chance to discuss economic issues, bilateral partnership and cooperation between the two countries. They also visited the world's largest startup facility, Station F, the headquarters of Dior (Arnault Family Group) in Paris, and met with representatives of major international companies.
